Big Fat

Chip BC

Loomin' large like a favorite son
One more time comes my obsession
Like a mountain stream that ends in mud
I'm wading in waiting for the flood, sinkin'
You did, you did, you did, you did
Left me hating
You did, you did, you did, you did
Contemplating
I'm drinking strength for comic relief
While I'm growin' super weak in the knees
You asked me can I deliver
Like a monster crossin' the Hudson river, stompin'
You did, you did, you did, you did
Left me waning
You did, you did, you did, you did
Slowly draining
Feet of clay that are stuck to the floor
You did, you did, you did, you did
And with vanity you want more
Big fat kill
Carryin' the weight of the world
Carryin' the weight of the world
Carryin' the weight of the world in my hands
Carryin' the weight of the world
I'm bitin' my tongue so much it hurts
But at the same time I'm at a loss for words
The things I've seen should've left me blind
So it makes me happy that I'm losin' my mind, laughing
You did, you did, you did, you did
Left me waning
You did, you did, you did, you did
Slowly draining
Feet of clay that are stuck to the floor
You did, you did, you did, you did
And with vanity you want more
Big fat kill
Carryin' the weight of the world
Carryin' the weight of the world
Carryin' the weight of the world in my hands

Carryin' the weight of the world
Carryin' the weight of the world
Carryin' the weight of the world
Carryin' the weight of the world in my hands
Carryin' the weight of the world
Come on, come on, come on, come back
Carryin' the weight of the world
Carryin' the weight of the world
Carryin' the weight of the world in my hands
Carryin' the weight of the world
Carryin' the weight of the world
Carryin' the weight of the world
Carryin' the weight of the world in my hands
Carryin' the weight of the world
You asked me can I deliver
Like a monster crossin' the Hudson river
Carryin' the weight of the world in my hands
Carryin' the weight of the world
The things I've seen should've left me blind
So it makes me happy that I'm losin' my mind
You did, you did, you did, you did
You did, you did, you did, you did
