

Today

Danny Brown

Watch who you 'round
Gotta watch they mouth
When them guns come out
And them shots ring out
You know what they about
 Watch what they say
 Watch what they do
When a hook come around
 Them kids come down
 They a tell on you
 It's snakes in the grass
Getting trapped by rodents
 Potent we smoking
 A leave you choking
 Hoping you focused
 So dog take notice
 For a flash of light
Run you off light roaches
 Hopping off porches
 With chrome 44
 Nose long as song
Made by Mike Bolton
 Lightning bolts
Rip through your torso
 Raining blood
 After that thunder
 Mommies crying
 Children wonder
 But this is the life
That we all succumbed to
 Make a nigga wanna go
 And cut his phone off
Cops killing niggas everyday
 Like protocol
 Watch the TV
 Turn on the news
 Make a nigga feel like
 He listened to blues
 In the hood

Wit that Arm & Hammer
Getting them Pampers
For baby mama
Hood flick us
We in the slammer
Now ya baby raised
By another man bruh
Cure for cancer
Cure for A.I.D.S
Make a nigga
Wanna stay on tour for days
Everywhere you go
Gotta keep that tool
Cause you don't want end up
Happening to you
So everywhere you go
Gotta keep that tool
Cause you don't want it end up
Happening to you Today today today
I say you never never never know
When ya time to go
I say you never never never know
When ya time to go
So damn right I cheated
Today today today
I say you never never never know
When ya time to go
I say you never never never know
When ya time to go
So damn right I cheated
Today today today
I say you never never never know
When ya time to go
I say you never never never know
When ya time to go
So damn right I cheated
Today today today
I say you never never never know
When ya time to go
I say you never never never know
When ya time to go
So damn right I cheated
Today today today
Today today today Gotta watch these niggas
Better watch these niggas

Cause for a little bit of crumbs
When you trapped in the slums
They a pop you nigga
Watch where you go
Watch where you at
Cause goons on attack
And that's a fact
You don't want it like that
Niggas get bodied like everyday
Nigga masked up like masquerade
Bruiser Brigade
Nigga take this fade
Or get marked out
Like crossword game
For a little name
Nigga pop yo chain
Playing no games
Evict arcade
Trade in your life
For a pair of new J's
A-OK with them AK's
Broad daylight
Make you do a relay
Duck behind cars
When you hear the tool spray
You don't want beef
Get simmer soufflÃ©
Sitting in the Bimmer
With ya lightskin bae
Fuck all the tough shit
I'm tryna get paid
You ain't bout money
Nigga you the same way
End of the day
Nigga jail the new slave
Trust my nigga
You don't wanna go that way Today today today
I say you never never never know
When ya time to go
I say you never never never know
When ya time to go
So damn right I cheated
Today today today
I say you never never never know
When ya time to go

I say you never never never know
When ya time to go
So damn right I cheated
Today today today
I say you never never never know
When ya time to go
I say you never never never know
When ya time to go
So damn right I cheated
Today today today
I say you never never never know
When ya time to go
I say you never never never know
When ya time to go
So damn right I did it
