

Avril Lavigne

He was working at the record shop
 I would kiss him in the parking lot
 Tasting like cigarettes and soda pop
 Seventeen

He would tell me I was beautiful
 Sneaking in the neighbor's swimming pool
 Yeah, he taught me how to break the rules
 SeventeenHey, those days are long gone
 And when I hear this song it takes me backWe were on top of the world

Back when I was your girl
 We were living so wild and free
 Acting stupid for fun
 All we needed was love
 That's the way it's supposed to be
 SeventeenStealing beers out of the trailer park
 Flicking lighters just to fight the dark
 My favorite place was sitting in his car
 Seventeen

We laid a blanket on the roof top
 That time I knew I wouldn't make him stop
 The nights were cold but we kept 'em hot
 SeventeenHey, those days are long gone
 And when I hear this song it takes me backWe were on top of the world,

Back when I was your girl
 We were living so wild and free
 Acting stupid for fun
 All we needed was love
 That's the way it's supposed to beWe were running red lights
 We were going all night
 Didn't care about anything
 We were living our dream
 It was you and me

And we were seventeenOh, oh, oh, oh...
 Seventeen

SeventeenI remember what it felt like
 Just a small town kind of life
 If I could only just go back in time,
 SeventeenWe were on top of the world
 Back when I was your girl

We were living so wild and free
Acting stupid for fun
All we needed was love
That's the way it's supposed to be We were running red lights
We were going all night
Didn't care about anything
We were living our dream
It was you and me
And we were seventeen Seventeen
Seventeen
