Emily's Song

Windom Earle

You will always be the one that I adore
Means so much to me but dreams you were before
It's you Emily to me but dreams you were before
It's you Emily that makes me write this song
Your eyes are open wide, but still so much to see
All that's new to you seems so old to me
Now I'm far away a minute seems so long
It's just another day without you
It's just another day when I'm not there
I'm going to find a way to be so close to you
You've got to know how much I care
It's just another day without you
It's just another day when I'm not there
I am going to give my love, my heart, my soul to you
All this I'll give to you I swear

Longing to hold you feel you in my arms
Never let you go far from me for long
Girl I promise you my feelings are so strong
Eyes are open wide but still so much to see
All that's new to you seems so old to me
When I'm far away a minute seems so long
Chorus
If only you could read what's on my mind
See right through my eyes
You'd sooner realize
Chorus
