

It's My Job To Keep Punk Rock Elite

Silverstein

Indiscriminate I'd rather be elite
I'll choose my own shit scene
Unsubstantiated rumors flown are true
I'm here for me not you

Nonconglumurate I mean what I say
I'm not your fucking scape
Goat apparently I've alienated some
It seems my job's half done

You'll never understand it
Try to buy and brand it
I win, you lose, cause it's my job
To keep punk rock elite

This music ain't your fucking industry
