When I'm Gone (feat. Stealth)

Nitin Sawhney

You're gonna hear from me when I'm gone
Gonna hear from me when I'm gone
Although I disappeared, my heart will stay right here
You're gonna hear from me when I'm gone
Gonna haunt your dreams when you sleep
Gonna haunt your dreams when you sleep
I'll be hiding in your tears
I'll be crawling through your fear
Gonna haunt your sorrow while you weepLike an imp on in a cave, I won't go away
Just stay in your mind counts this replay
Like a tooth star never crave
My memory won't decay
In your mind I'll still replay
You're gonna hear from me when I'm gone
Gonna hear from me when I'm gone
Although I disappeared, my heart will stay right here
You're gonna hear from me when I'm gone
Gonna haunt your dreams when you sleep
Gonna haunt your dreams when you sleep
I'll be hiding in your tears
I'll be crawling through your fear
Gonna haunt your sorrow while you weepLike an imp on in a cave, I won't go away
Just stay in your mind counts this replay
Like a tooth star never crave
My memory won't decay
In your mind I'll still replay
You're gonna hear from me when I'm gone
Gonna hear from me when I'm gone
Although I disappeared, my heart will stay right here
You're gonna hear from me when I'm gone
Gonna haunt your dreams when you sleep
Gonna haunt your dreams when you sleep
I'll be hiding in your tears
I'll be crawling through your fear
Gonna haunt your sorrow while you weepGonna feel my touch, in the cold
You gonna feel my touch in the cold
It's a feeling in your bones that you are not alone
Gonna feel my touch in the cold.
