

Nothin' New

Gloria Estefan

Why is nothing ever new for long
And things go wrong in time
How come love is never new for long
We feel a change inside
Things no longer feel the way they did
People never care the way they did
Lovers never love the way they did
Were got to make it last
Got to fan the spark People know that love is often cruel
But still they fall in love
I believe that only goes to prove
That loves what we dream of Even if things can never be the way they were
But if you just hold on your luck might take a turn
We should put in practice
What were learned
That loves the only way
We got to make it stay Life goes on
Nothings ever new
Maybe different than before
You may not believe me
But nothings ever
Nothings ever, nothings ever new Don't know things will never be the same I've heard
But if you just hold on your luck might take a turn
We gotta put in practice
Everything we've learned
That loves the only way
We got to make it stay Life goes on no matter what you do
And though its crazy, nothings ever
Nothings ever new
You may not believe me, but its true
But nothings ever new
