Frostdemonstorm

Immortal

Music: Abbath / Demonaz
Lyrics: Demonaz
Arctic wintery worlds in mind
Possessed forever
By the chains of time
Beastly crafts comes with the snow
We bring the coming
Of our demonstorm
Mountains
On highest mountains we stand
Valleys in the deep valleys we dwell
Demonside
Hallstones flay the skin of earth
Demonize
Until entropys victory in ensured
Stealers of dawn
Pale wraiths of the arctic swarm
Cover the sun
Storms are what we breathe
Arctic wintery worlds in mind
Possessed forever
By the chains of time
Beastly crafts comes with the snow
We bring the coming
Of our demonstorm
Mountains
On highest mountains we stand
Valleys in the deep valleys we dwell
Demonside
Hallstones flay the skin of earth
Demonize
Until entropys victory in ensured
