Carry On

Diana Ross

Carry on
When the valley's deep, I'll be strong
With a mighty love to carry on
Never sleep, new day dawnsThere's a new breeze blowin' tonight
Clear away the past, honey, free at last
Yes, I've paid for the choices I've made
No apologies from meYou know I'll never, no
Never lose my will
Never
Never standin' stillI'll carry on
When the valley's deep, I'll be strong
With a mighty love to carry on, carry on
I'll never sleep till the new day dawns
I carry on, I carry onI stand alone in the eye of the storm
Pressures all around, tryin' to wear me down
But it's all right, I won't give up the fight
I said, "Lord, lift me up, let me rise above"I'll never
Nobody's gonna take my pride
I won't stop
I will not be deniedCarry on
When the valley is deep, I'll be strong
With a mighty love to carry on, carry on
I'll never sleep till the new day dawns
I carry on, carry onI won't let, I won't let nothing hold me
(I won't let, I won't let, no no I won't let)
(Won't let nothing hold me back)
I won't stop now, no
(I won't let, I won't let, no no I won't let)
(Won't let nothing hold me back)
Carry onI'll carry on
(Yes, I'll carry, carry on)
Carry on
(Yes, I'll carry, carry on)
Carry on
(Yes, I'll carry, carry on)I'll never
Nobody's gonna take my pride
I won't stop
I will not be deniedCarry on
When the valley's deep, I'll be strong

With the mighty love to carry on, carry on
I'll never sleep till the new day dawnsWhen the valley's deep, just carry on
When the mountain's too high, you gotta carry on
With the mighty love, mighty love
New day dawnsWhen the valley's deep, just carry on
When the mountain's too high, just carry on
With the mighty love
It's a new day dawn, carry on
It's a new day dawn, carry on
