I'm Too Shy

Laga Savea

oh yeah....
Said I really need to tell you
Baby, baby, baby (yeah)
I really wanna show you
how I feel, how I feel about you

I have a few things that I, I really wanna say to you
But it just seems like i'm too, too afraid of what you're gonna think
About me
that is why I hide my true feelings inside
I get so shy when I am around you
One day I'm gonna find the courage to show you how I feel (show you how I feel)
How I feel about you... (ho yeah)

Chorus
Im to shy to admit that I like you, I to shy just to tell you hello
Im to shy to admit that I want you, Im too shy and im losing control
Im too shy to look into your eyes (to look into your eyes)
I'm too shy to even try.....

Sometimes I feel like I don't, I don't stand a chance with you
But somethings telling me inside, telling it'll follow through
With my plan
and that is ask you out and take you someplace nice
And hope that you will fall in love with me
That would be the most greatest feeling of all
Me and you in love
So in love

Chorus
I'm too shy to admit that I like you, I'm to shy just to tell you hello
I'm to shy to admit that I want you, i'm to shy and im losing control
i'm to shy to look into your eyes
I'm too shy to even try....

I don't even wanna try
Said I dont even, I don't even wanna try

I have a few things that I, I really wanna say to you
But it just seems like im too, to afraid of what you're gonna think

About Me
That is why I hide my true feelings inside
I get so shy when I am around you
One day I'm gonna find the courage to show you how I feel
How I feel about you...

Chorus

I'm too shy

to admit that i like you....
