

In My Family

Sparks

That's how it's gonna be
In my family
From the biggest branch to the smallest leaf
Still you're gonna see similarity
In my family
That's how it's gonna be That's how its gonna be
Cause it's my family
Gonna live to see post-senility
Lots of time to spend with my family In my family
That's how it's gonna be There you got your Rockefeller
There you got your Edward Teller
J. Paul Getty is a splendid fellow, but
None of them would be in my family In my family
That's how it's gonna be Family
It's like any other family
Big and small
It's like any other family That's how it's gonna be
Before and after me
Manufacturing many, many me's
Gonna hang myself from my family tree In my family
That's how it's gonna be
