

# Song for Love

## Extreme

Advisory - the following lyrics contain explicit language:

I lie awake with open eyes  
My love just died, I'm cold inside  
Can't face the thought to be alone  
All by myself, on my own, love's come and gone I look around and see  
The hearts that still are broken  
I can't believe all of our  
Hearts remain unopened We can't go on and on  
With that same old song  
So wipe off the frown  
And turn around and face each other Come on, come on  
Let's sing a song  
A song for you, a song for me  
A song for love All for one and one for all together  
Singing a song for love  
You and I are none without the other  
Singing a song for love You let the time pass by  
Big boys don't cry, believe that lie  
A broken heart that never mends  
Is this the end? Listen my friend These walls of hate  
That separate on from the other  
Time to rebuild bridges of love  
One to another Come on, come on  
Let's sing a song  
A song for you, a song for me  
A song for love All for one and one for all together  
Singing a song for love  
You and I are none without the other  
Singing a song for love All for one and one for all together  
Singing a song for love  
You and I are none without the other  
Singing a song for love Come on, yeah  
Come on, come on, everybody All for one and one for all

Singing, singing a song  
You and I, you and I, can learn to fly  
Singing, singing a song It's all for one and one for all  
You gotta sing  
Singing a song for love
