Home Is In Your Arms

The White Buffalo

Your love is a
Mother fucking revelation
And I'm just looking for
A fill-up station
To fill your heart
Just a hoping it startsYour heart is a flutter
I know it's been awhile
You're falling fastI know it ain't your style
It's been far too long
So won't you come along
Been spending my days in the rainTake your sweet time
If you can't decide
I know I've made up
My simple mind
That you're my heart
You're the missing partI build a place with no walls
Where it's warm inside
And it's made up of you and I
Where our lives are one
And they've only just begunYou're my shelter from the rain
Now I'm homeHome is in your arms
I'm all alone without you darling
Bad boys and the bitches
Come up from behind
They must be deaf dumb and blind
They can't break these hearts
They just won't beat apartI'll make you mine
Tell you what I'll do
Spend my life making love to you
Till our dying day
Till they carry us awayI'll be your shelter from the rainHome is in your arms
I'm all alone without you darlingI'll be your shelter from the rain
Now we found home
