Altered Boy

Exodus

Unholy pedophile preying on the innocent
Protected by the papacy so called men of enlightenment
Children fingered by the hand of God raped in the name of Christ
They took a vow of chastity yet have torn asunder so many a lifeChicken hawks of the Catholic Church
Out to save and destroy
They have become the priest of burden
And he's become an altered boyMen so benevolent in a position of trust
Molesting children by the score
Rendering young life straight into the dust
Their church is their Golgotha, their crucified by the priest
Child becomes the victim Holy Father becomes the beastChicken hawks of the Catholic Church
Out to save and destroy
They have become the priest of burden
And he's become an altered boyMulti-million dollar payouts restitution for their crimes
This vile sickness cut so many down in their prime
All the bishops and the cardinals tried to hide it away
In the parish and cathedrals the predators come to preyChicken hawks of the Catholic Church
Out to save and destroy
They have become the priest of burden
And he's become an altered boy
