

Brave

Out Of The Grey

You're the perfect love, you cast away my fear
No more shadows in the mirror
I go looking back, I always see you there
Shining through my darkest hour And you make me brave, you make me strong
I'm not afraid, you've been here all along
In my weakness, you're my strength
And my song, you make me brave Lord, I know you go before me on this road
Who could ever be against me?
Every step I take, I know I'm not alone
You're my courage for the journey And you make me brave, you make me strong
I'm not afraid, you've been here all along
In my weakness, you're my strength
And my song, you make me brave Living in the never knowing what's around the bend
Even though I know what happens in the very end
Gladly, I can face the ever-changing sky
And it's coming clear that you're coming near and it makes me brave You make me brave, you make me strong
I'm not afraid, you've been here all along
In my weakness, you're my strength
And my song You make me brave
I'm not afraid, you've been here all along
In my weakness, you're my strength
And my song, you make me, make me, make me
You make me brave
