Everyoneâ€™s Victim

Advisory - the following lyrics contain explicit language:

Undone, every thing's over
High strung, minutes are floating
Breakdown, my thought are cracking
Don't you come a step closerHard tongue, silence isn't golden
Unsung, unspoken heroes
Mouths shut, injury is opened
Madness, dangerous problemDo, do, do, do, do, do, do, doNo fun, everyone's closing
Mind flown, visions are scattered
Anger, shocking in circles
Guilty, powerless feelingI am everyone's victim
I am everyone's victim
I am everyone's victimI am everyone's victim
I am everyone's victim
I am everyone's victim
