Satisfy

Meshell Ndegeocello

Only you satisfy me only you satisfy me
Only you
Only you satisfy me only you satisfy meThe rays of the sun greet my body
I am naked in your world
Come walk me through the garden
And fill me with your love
I've searched my whole life this life
For the reason that we cry
Just one kiss then I close my eyesOnly you satisfy me only you satisfy me
Only you
Only you satisfy me only you satisfy meAlone I am never
I am but one of many
And you have so that I may see
Freedom amidst this mockery
I hold out my hand and touch heaven
Tear out my grieving heart
But you come and fill it with loveOnly you satisfy me only you satisfy me
Only you
Only you satisfy me only you satisfy me
