36 Degrees

Placebo

We were tight, but it falls apart as silver turns to blue
Waxing with a candlelight and burning just for you
Allocate your sentiment and stick it in a box
I've never been an extrovert, but I'm still breathing
Someone tried to do me ache
Someone tried to do me ache
Someone tried to do me ache, it's what I'm afraid of
Someone tried to do me ache, it's what I'm afraid of
With hindsight, I was more than blind, lost without a clue
Thought I was getting carat gold and what I got was you
Stuck inside the circumstances lonely at the top
I've always been an introvert, happily bleeding
Someone tried to do me ache
Someone tried to do me ache
Someone tried to do me ache, it's what I'm afraid of
Someone tried to do me ache, it's what I'm afraid of
Four seven two three nine eight five, I gotta breathe to stay alive
And one four two nine seven eight, feels like I'm gonna suffocate
Fourteen sixteen twenty-two, this skin that turns to blister blue
Shoulders, toes, head, knees, I'm thirty-six degrees
Shoulders, toes, head, knees, I'm thirty-six degrees
Shoulders, toes, head, knees, I'm thirty-six degrees
Shoulders, toes, head, knees, I'm thirty-six degrees
