Chants in Declaration

Hate Eternal

O, gods of fire, volcanic lava
O, gods of flame, of this molten mass, ave!O, gods of fire, bringer of darkness
O, gods of flame, harbringer of hate
O, gods of fury, we are of the coven
O, gods of rage, lords of the serpent
We pray for your emergencyChants in declaration
For the gods of demise
Chants in declarationAwaken beasts of the deep
Through the rites of passage
I invoke thee to appear
I summon forth your powerChants in declaration
For the gods of demise
Chants in declaration
For the almighty gods of demiseArise, o things of the abyss
Through the rites of passage
I implore thee to appear
I summon worth your knowledgeO, gods of fire, volcanic lava
O, gods of flame, of this molten mass, ave!
