

# Pucker Up

Ciara

Yeah  
Darkchild!

Shawty you can kiss my swag  
Hello, hello, hello, mwah!  
Hello, hello, hello, hello

Everybody riding shotgun, scared to play the driver  
Ci, got the pedal to the medal going super light-speed  
They say I'm far to gone, that's right yep, yep  
I'm far to gone, these dollars signs, they follow me  
Eh-Everywhere that I go

You don't like how I rock my swag  
How ya gonna tell me how to rock my swag  
I'ma wear my SuperGirl swag  
If you don't like it , you can kiss my swag

You don't like how I rock my swag  
How ya gonna tell me how to rock my swag  
I'ma wear my SuperGirl swag  
If you don't like it , you can kiss my swag

[Chorus:]  
Pucker up  
It'll make you famous Hollywood  
Pucker up  
Just kiss my, just kiss, just kiss kiss my  
Pucker up  
I can see you feenin', my swag is waitin'  
Pucker up, pucker up, pucker up  
Smooches

Just kiss, just kiss my,  
Why don't you just kiss my (swag) (pucker up)  
Just kiss, just kiss my (swag),

Kiss kiss kiss kiss my (swag),  
Why don't you just kiss my (swag) (pucker up)  
Just kiss just kiss my (swag)

Just kiss, just kiss, kiss my (swag)

I gotta save myself, 'cause I'm just by myself  
Keep trynna sit me down, the world is my playground  
I'm gonna do me, no matter how you do me  
Money is still green, so pay me like you owe me (yup!)

You don't like how I rock my swag  
How ya gonna tell me how to rock my swag  
I'mma wear my SuperGirl swag  
If you don't like it , you can kiss my swag

You don't like how I rock my swag  
How ya gonna tell me how to rock my swag  
I'mma wear my SuperGirl swag  
If you don't like it , you can kiss my swag

[Chorus]

Just kiss, just kiss my,  
Why don't you just kiss my (swag) (pucker up)  
Just kiss, just kiss my (swag),

Kiss kiss kiss kiss my (swag),  
Why don't you just kiss my (swag) (pucker up)  
Just kiss just kiss my (swag)  
Just kiss, just kiss, kiss my (swag)

It's hard enough tryin' to keep it up, without fallin' off  
You got all the place looking, eh, eh  
When I close my eyes and I shake this lame disguise  
Gimme on my touth a kiss  
Girl I made you of your one

[Chorus: x2]

Just kiss, just kiss my,  
Why don't you just kiss my (swag) (pucker up)  
Just kiss, just kiss my (swag),  
Why don't you just kiss my (swag) (pucker up)  
Kiss kiss kiss kiss my (swag),  
Why don't you just kiss my (swag) (pucker up)  
Just kiss just kiss my (swag)  
Just kiss, just kiss, kiss my (swag)
