Six Degrees

Novista

They say it?s 6 degrees
Between you and me
No matter where you are
No matter how far.
7 billion souls
Spread from Pole to Pole
From the city to slum
but I only need one.
So when you went away
Everything just changed
Six degrees apart
Without a place to start
I?m putting on a brave face, even though I?m falling apart
I?m putting on a brave face, it?s not a lot but at least it?s a start.
They say that I?m a lost case, and I?m losing myself in the dark,
But I?m putting on a brave face, it?s not a lot but at least it?s a start.
There?s only six degrees
Between you and me

We?re on the same path
You just got a head start.
But no matter where you run
We'll always share the same sun
And the air you breathe
Was maybe once in me.
I?m putting on a brave face, even though I?m falling apart
I?m putting on a brave face, it?s not a lot but at least it?s a start.
They say that I?m a lost case, and I?m losing myself in the dark,
But I?m putting on a brave face, it?s not a lot but at least it?s a start.
I?m putting on a brave face, even though I?m falling apart
I?m putting on a brave face, it?s not a lot but at least it?s a start.
They say that I?m a lost case, and I?m losing myself in the dark,
But I?m putting on a brave face, it?s not a lot but at least it?s a start.
I?m putting on a brave face, even though I?m falling apart
I?m putting on a brave face
They say that I?m a lost case, and I?m losing myself in the dark,
But I?m putting on a brave face, it?s not a lot but at least it?s a start.
