Heart

How much talking does it take
Talking 'bout your bad mistakes?
Gonna talk you wide awake
Talk until your ego breaksThe past is dust, undo concern
There's hell to pay and it's your turn
The hardest thing you'll ever learnIs what bridge to cross
And what bridge to burn
What bridge to cross
And what bridge to burn
What bridge to cross
And what bridge to burnHow much talking does it take
To talk about your bad mistakes?
I'm gonna talk you wide awake
Talk until your ego breaks, yeahWhat's the matter with you?What bridge to cross
What bridge to burn
What bridge to cross
What bridge to burn
What bridge to cross
What bridge to burnWhat bridge to cross
BurnWhat bridge to cross
What bridge to burn
What bridge to cross
What bridge to burn
