

# So Contagious

Jaime Preciado

Oh no, this couldn't be more unexpected  
And I can tell you I've been moving in so slow  
    Don't let it throw you off too far  
    'Cause I'll be running right behind you  
Could this be out of line? Could this be out of line?  
To say you're the only one breaking me down like this  
    You're the only one I would take a shot on  
    Keep me hanging on so contagiously  
    Oh, when I'm around you I'm predictable  
    'Cause I believe in loving you with first sight  
    I know it's crazy but I'm hoping to  
        To take a hold of you  
    Could this be out of line? Could this be out of line?  
To say you're the only one breaking me down like this  
    You're the only one I would take a shot on  
    Keep me hanging on so contagiously  
    Oh you're everything I'm wanting  
        Come to think of it, I'm aching  
        On account of my transgression  
    Will you welcome this confession?  
    Could this be out of line? Could this be out of line?  
To say you're the only one breaking me down like this  
    You're the only one I would take a shot on  
    Keep me hanging on so contagiously  
    Could this be out of line? Could this be out of line?  
To say you're the only one breaking me down like this  
    You're the only one I would take a shot on  
    Keep me hanging on so contagiously
