

Lonely (feat. Bijou)

Rezonate

Haven't left for a while
Enough of me
There's nothing more that I can do
Oh I fear
I fear these lines, I cross and die
I try, so hard
Why are we so lonely
Why are we so weak
You were waiting for me
I'd rather be asleep
It's a little sad
You've trapped me at this cliff
I can push myself over
If I'll live
You can push me over
If you want to swim
It's a little strange
Where did we begin
