The Chosen Few

Dropkick Murphys

For the first time in my life
I've seen the fire within your eyes
My mind, it screams for shelter now
I know I've got to resist some howMy religion, my certain death
My salvation, my sacrilege
My inner sanctum, my prophecy
You've become everything and more to meSo our souls will be one
A new era has begun
Fantasies will come true
Not only for the chosen fewFor freedom is a two edged sword
And life is only a gift for gods
Straight from the heart of the serpent's kiss
To see something as it really isMy precious kingdom, my empire
My tragedy and my desire
My life's blood, my shining light
Feels like I am finally aliveSo our souls will be one
A new era has begun
Fantasies will come true
Not only for the chosen fewMy religion, my certain death
My salvation, my sacrilege
My inner sanctum, my prophecy
You've become everything and more to meSo our souls will be one
A new era has begun
Fantasies will come true
Not only for the chosen fewSo our souls will be one
A new era has begun
Fantasies will come true
Not only for the chosen fewSo our souls will be one
A new era has begun
Fantasies will come true
Not only for the chosen few
