

Shin Kicker

Rory Gallagher

Well, it's a shin kick morning
Gotta kickstart today
Wind up my machine
And I'll be on my way Well, a burning fever
Woke me up at the dawn
I didn't have a choice
I had to carry on Well, my engine's overheating
And I'm running out of gas
I only got two speeds
And it's slow and fast Well, I got to find a town
That's got more action
Got to find a place
Stays open late, right away, yeah C. C. Mama
Motorcycle queen
I'm gonna catch up with you
With my lightning wheels, yeah It's cold, black coffee
Eggs and grease
Stop in at the truck stop
I don't want to sleep Well, it's a shin kick morning
I'm gonna turn up the heat
I'm racing all the truckers
And I got them beat
