Silence Broken

Sinch

Careless whispers drifting by the ears,
trust in no one, silence broken by careless whispers
You've got a lot to say, but I'm not listening,
and I've got a lot to say, that your ears are not hearing
Back and forth how much time can we waste? Hold your tongue and swallow hard,
How much more can we take? So who are you? Who am I? Who are you?
What have we become?

Careless whispers drifting by the ears,
trust in no one, silence broken by careless whispers
You've got a lot to learn, so are you listening now, now?, now?
now the word is out
It's written on everyone's face, hold your tongue and swallow hard
so how does the truth taste
Or weren't you listening, trust in no one, no one.
