Head First

Goldfrapp

I'm waiting
Longing for you
One more night
And then I'm gone
It seems so crazy how
That we just only met but I know
I am your visitor
I'm on the other side of your wall
My whole world in light
My whole world in light
My whole world in light
Head first in love
Thunder, lightning, then rain
Imagine you lying here again
Try to get me outta here
Try to get me back to you
You were always on the line
I was always in the end
My whole world in light
My whole world in light
My whole world in light
Head first in love
Ohh, la la, la la la la
La, la, la la
La, la, la la
My world in light
It seems so crazy how
That we just only met but I know
I am your visitor
I'm on the other side of your wall
My whole world in light
My whole world in light
My whole world in light
Head first in love
Head first in love
Da, la, la, la, da
My whole world in light
Head first in love
Ohh, la la, la la, la la

La, la, la la
La, la, la la
My world in light
Ohh, la la, la la, la la
La, la, la la
La, la, la la
My world in light
