Plump

Hole

He shakes his dead rattle
Spittle on his bib
And I don't do the dishes
I throw them in the cribI'm eating you, I'm overfed
Your milk's in my mouth
It makes me sickNow I've stumbled here
Failed to make it mine
They say I'm plump
But I throw up all the timeI'm eating you, I'm overfed
Your milk's in my mouth
It makes me sickDo you fake it for me like I?
Do you fake it for me like I?
Do you fake it for me like I?My baby's in her arms
Crawling up her legs
Like a liar at a witch trial
You look good for your ageI'm eating you, I'm overfed
You milk's in my mouth
It makes me sick
