

Soundtrack to Your Life

Secondsmile

If you can hear me
And know that I'm right here
I heard your heartbeat
It took away the fear
Cuz my life is sliding
I tried to ride the wave
It came down crashing
It's time to start again
Backwards to go forward
Left at every corner
Been there and back again
And when the music ends
Your life is a flashback
A question, a photograph
A statement, a story, a struggle
A chance to laugh
Cuz if you don't laugh you cry
A last crescendo when you die
So hit the rewind and listen
It's the playback
The soundtrack to your life
First step, your last breath
Everything's been planned
There's questions, and answers
You'll never understand
I hold on, but let go
I give you room to breathe
Remember, the best things
Were never mine to keep
Starting at the ending
It won't break, while you're bending
Been there, and back again
And when the music ends
Your life is a flashback
A question, a photograph
A statement, a story, a struggle
A chance to laugh
Cuz if you don't laugh you cry
A last crescendo when you die

So hit the rewind and listen
It's the playback
The soundtrack to your life
The soundtrack to your life
And it could fly like a burden, and my name
It may be different than yours but, you got the same
Beat up, broken, back for more
I'll be dragging my own ass off the floor
I've thrown myself right in and
What's the point if you don't live it?
If you can hear me
And know that I'm right here
I heard your heartbeat
It took away the fear
Your life is a flashback
A question, a photograph
A statement, a story, a struggle
A chance to laugh
Cuz if you don't laugh you cry
A last crescendo when you die
So hit the rewind and listen
It's the playback
The soundtrack to your life
