

What Do Ya Think About That

Montgomery Gentry

I heard it through the grapevine
My new neighbor don't like my big red barn
A '47 Ford, bullet holes in the door
Broke down motor in the front yard, hahaI got half a mind to paint a plywood sign
And nail it up on a notty pine tree
Saying I was here first
This is my piece of dirt
And your rambling don't rattle me[Chorus]
Some people care about what other people think
Worry about what they say
Let a little gossip
Coming from a loose lip ruin a perfect day
Sayin', blah, blah, blah, just a jacking their jaws
Got a letta roll off-a my back
I don't give a dern what other people think
What do ya think about thatI wear what I want to, overalls, work boots
Crank my music up loud
Like to sling a little mud in my four wheel drive
Trek it all into townShoot a little eight ball down at the pool hall
Drink a beer with my friends
Now don't judge me and I won't judge you
Because we all get judged in the endSome people care about what other people think
Worry about what they say
Let a little gossip
Coming from a loose lip ruin a perfect day
Sayin', blah, blah, blah, just a jacking their jaws
Got a letta roll off-a my back
I don't give a dern what other people think
What do ya think about that, hahaSome people care about what other people think
Worry about what they say
Let a little gossip
Coming from a loose lip ruin my perfect day
Sayin', blah, blah, blah, just a jacking their jaws
Got a letta roll off-a my back
I don't give a dern what other people think
What do ya think about thatSay, I don't give a damn what other people think
What do ya think about that
Tell me what ya think about that
What'd think about that

What'd think about that
