

Full Tilt

The Cult

Advisory - the following lyrics contain explicit language:

Oh yeah, yeah, yeah, yeah
Gunfire ricochet off my halo
My head is buzzin' like a hive of bees
The truth is certain, I gotta start livin'
I've been down for all to see
All my dreams creepin' up on me
The whole world is my destiny
Sweet Lord, set us all free
Only one future I see, yeah
Full tilt
I'm finally hit, yeah yeah
Full tilt
I'm in love with that shit, baby
Oh, we've been down with our heads in the sand
Complaining that there's nothing to do
Now people listen I'm sick of excuses
That dull confusion baby, finally through away
All that time pushin' hard on me
Freak society, my destiny
Sweet Lord, set us all free
Only one future I see, yeah
Full tilt
I'm finally hit, yeah
Full tilt
I'm in love with that shit, yeah
Full tilt, finally hit
Baby, that's how I feel
Full tilt, gonna make you sweat
That's the only deal
Full tilt, now I'm free
Baby ignite my soul
Full tilt, I'm in love with that shit
Baby that's rock n' roll, yeah
Super fat funky
Gunfire ricocheted off my halo
My head is buzzin' like a hive of bees, yeah
You gotta start livin'
We gotta start livin', livin'
Do it
A tilt, tilt, tilt, tilt yeah
A tilt, tilt, tilt, tilt, tilt, tilt, yeah
A tilt, tilt, tilt, tilt, tilt yeah
A tilt, tilt, tilt, tilt, tilt [Incomprehensible]
