I Walk the Earth

King Biscuit Time

I walk the earth my darling
This is my homeGrab your pack my darling
Grab your pack and walk with me
We will walk the road, well, this road is all we need
I could be flat broke or I could be a millionaireSo take my hand
Just take my hand
And we will walk for milesI walk the earth my darling
This is my home
I walk the earth my darling
This is my homeWe may stay together
But if we part I'm sure we'll meet again
So grab your pack my darling
And walk a road that never endsSo take my hand
Just take my hand
And we will walk for milesI walk the earth my darling
This is my home
I walk the earth my darling
This is my homeSo take my hand
Just take my hand
And we will walk togetherI walk the earth my darling
This is my homeI walk the earth
This is my home
I walk the earth
This is my homeI walk the earth
This is my home
I walk the earth
I walk the earth
This is my home
I walk the earthI walk the earth my darling
This is my home
