Finally Forever

Chris Cornell

On the silent night, so out of place
I almost lost my nerve
When I saw you walk into my space
A woman like you, I could not replace
And it took some patience to catch your eye
Patience to win your heart
And now it feels like I don't have to worry at all
It's finally forever
There's no hill I would not climb for you
No bridge I wouldn't cross
Not a moment passes in my life
That you're not on my mind together or apart
And it took some patience to catch your eye
Patience to win your heart
And now it feels like I don't have to worry at all
It's finally forever
Anytime you're lost, anywhere you're found
Anytime you want, I will be around
Anywhere you seek, anywhere you stand
Anytime you fall, anywhere you limp
Even if you break, anytime I can
I will be there for you
I know that you'll understand
You'll understand
Now I never would have imagined this
So I thank my lucky stars
As I see you in your wedding dress
Never would have guessed you'd fill my open arms
And it took some patience to catch your eye
Patience to win your heart
And now it feels like I don't have to worry at all
Yeah, it feels like I don't have to worry at all
Yeah, it feels like I don't have to worry at all
It's finally forever, finally forever, yeah, ooh
