

# Put Your Money Where Your Mouth Is

Rose Royce

She's a loaded gun  
In my shaking hands  
Am I in hell  
Or the promised land?(What's your name?)  
So I'ma tell you my name  
When I'm on your skin(You can be)  
You can be the queen  
And I'll be the king(I get born)  
I was born to echo  
But I'll never repeat  
Not for anyone, anyoneShe said  
(Show me yours)  
I'll show you what I got, yeah  
(I'll show you mine)  
When you tell me what you need(Show me yours)  
So put ya money where ya mouth is  
(I'll show you mine)When the beat goes on  
She knows that nothing is wrong  
She goes down  
Like a setting sun(What's your name?)  
I'll tell you my name  
You got to let me in(You can be)  
You could be the sinner  
And I'll be the sin(I will take)  
I'll take what I want  
And it's easy to see  
I got everything, everythingShe said  
(Show me yours)  
I'll show you what I got, yeah  
(I'll show you mine)  
When you tell me what you need(Show me yours)  
So put ya money where ya mouth is  
(I'll show you mine)Come on, yeah(Show me yours)  
I'll show you what I got, yeah  
(I'll show you mine)  
When you tell me what you need(Show me yours)  
So put ya money where ya mouth is  
(I'll show you mine)  
I must say I want someShow me yours

I say, "Yeah, yeah, yeah"
