It's My Time

Filter

Rest now
Sleep time
Close your eyes, breathe in the night
Oh Lord, it's my timePlease, please, not me
But it's my timeBlinking,
Hold the warmth
Hangman has eyes of stone
Oh Lord, it's my timeWe're all torn
Withered and warm
Feel the breeze that blows
Oh Lord, it's my timePlease, please, not me
Please, please, not me
It's my time
But it's my time
It's my time
