

No Time

Hayden James

The touch of your hand sends me running wild
I see this mirage three feet underground
It tastes like the rain in a wonderland, ah
I don't know why I have to catch my breath
Baby

Baby (6x)

'Cause you and I don't have much time to waste
No, you and I don't have much time, baby
'Cause you and I don't have much time to waste
No, you and I don't have much time, baby
Baby

Baby (3x)
