

Love Me in a Special Way

DeBarge

You know you had me
With your sensuous charm
Yet you looked so alarmed as I walked on by
In awesome wonder you had to know why
I did not respond to carry on Love me in a special way
What more can I say
Love me now
Love me in a special way
What more can I say
Love me now Love me now, 'cause I'm special
Not the average kind who'd accept any line
That sounds good
So reach into your chain of thoughts
(Try to find something new)
Try to find something new
(Cause what worked for you)
'Cause what worked so well for you before
For me it just won't do Love me in a special way
What more can I say
Love me now
Love me in a special way
What more can I say
Love me now
Love me now So reach into your chain of thoughts
Try to find something new
What works so well for you before
For me, just won't do Love me in a special way
What more can I say
Love me now
Love me in a special way
What more can I say
Just love me now Love me in a special way
(Love me, and tell me what more can I say)
What more can I say
Just love me now
And tell me what more can I say
Just love me now
Love me, and tell me what more can I say
