

Like Me (feat. Jordan McClure & David Hayle)

[Mavado](#)

Like me like me
I know you wanna be like me like me
Yo kids wanna be like me like me Cause I stop hustling to make a buck
Now Am di man calling the shots
Seven years strong and am still going hot
Shout out to the gullyside the struggle never stop
And to my friends who keep it real with me
The ones who use to steal with me
