

# What Beautiful Is

[Aaron Lines](#)

First time I saw you girl you lit up the room  
How was I supposed to know  
Beyond the way that your smile caught my eye  
You had something deeper to show But the power of this emotion has revealed  
Love is more than what I see, it's what I feel From the ocean to the clearest starlit sky  
I've seen so many amazing things, still I was so blind  
With your touch you opened up a world that I would have missed  
You showed me what beautiful is It's in the way you can make me laugh  
And in how you believe in me  
How you follow your heart no matter what the path  
And how you give so unselfishly Oh now I'm seeing colors where there once was only gray  
Now I know the kind of love that takes my breath away From the ocean to the clearest starlit sky  
I've seen so many amazing things, still I was so blind  
With your touch you opened up a world that I would have missed  
You showed me what beautiful is, yeah Well, the most amazing thing by far  
Is you don't even know how beautiful you are From the ocean to the clearest starlit sky  
Well I've seen so many things, amazing things, still I was so blind  
With your touch you opened up a world that I would have missed  
You showed me what beautiful is Darlin' you are what beautiful is  
What beautiful is
