

Who Do We Think We Are

John Legend

[Intro: John Legend]Who do we think we are?

Baby, tell me, who do we think we are?

[Verse 1: John Legend]We made a lot of magic

It's the only way we know

Let's keep the night fantastic

Light it up, tell me more, explore

We love, we love, we love the stars

We could fall so hard

The drinks, the minks, the jewels, the house, the cars

Why'd we ball so hard?

Yeah, I'm no afraid to fly

Here we are, in the air, barely breathing

And we're not afraid to die

[Hook: John Legend]Yeah, I'm no afraid to fly

Here we are, in the air, barely breathing

And we're not afraid to die

Who do we think we are?

Baby, tell me, who do we think we are?

Who do we think we are?

Baby, tell me, who do we think we are?

[Bridge: John Legend]We've got a lot of nerve, girl

We walk around here like we own this place

[Verse 2: Rick Ross]See my jewels dripping on my Timberlands

Stepping like a criminal, success is so imminent

Pink champagne, black Rolls Royce

Eggplant double breasted suit from Tom Ford

Bon voyage, left haters in the fog

Look up in the sky, bet you recognize a boss

Look into my eyes as I fantasize for us

Still actin' shy like this is summer class crush

Money comin' fast, I'm never in a rush, no

Plus another twenty in the tuck

Send me in a truck, another forty on the wrist

Quarter-mill on my mind got me livin' like I pitch

Dodging Robin Givens, balling like I'm Roger Clemens

Still in the game, uniform all linen

She get Chanel, ski trips to Ville

Only the highest grade, like trees that I inhale

[Hook][Outro: John Legend]Who do we think we are?

I don't know about y'all, but I feel good tonight

There's something in the air tonight

You know, everyone needs someone to look up to

Why shouldn't it be us?

Who do we think we are?

Tell me, who do we think we are?

Who do we think we are?

Tell me, who do we think we are?

This is our song ? our song for the future
