

I Wonder

Silk

[Repeat: x4]

Ooo heya heya heya ooo Sneaking in and out

Every day, any place

Getting it on

Sometimes we're even bold enough To do it in your own home

Now what the hell am I thinking 'bout

I know damn well what goes around comes around

Then I turn around and we on the ground

Tell me, what am I supposed to do I wonder if he knows and suspects that I have got you on me

I wonder if he knows that we get a little freaky

I wonder if he knows that you spent last night bumping and grinding

Oh so careful we must be I know I've tried to let you go

But my mind keeps telling me no

But I don't want to lose you

Even though you're not mine

But I try my best

And baby that's enough for me I wonder if he knows and suspects that I have got you on me

I wonder if he knows that we get a little freaky

I wonder if he knows that you spent last night bumping and grinding

Oh so careful we must be [Repeat: x2]

Heya heya heya ooo What am I supposed to do when he comes around and asks about you? I wonder if he knows
and suspects that I have got you on me

I wonder if he knows that we get a little freaky

I wonder if he knows that you spent last night bumping and grinding

Oh so careful we must be I wonder if he knows and suspects that I have got you on me

I wonder if he knows that we get a little freaky

I wonder if he knows that you spent last night bumping and grinding

Oh so careful we must be
