

# The One Who Knows

## Dar Williams

Time it was I had a dream  
And you're that dream come true  
An' if I had the world to give  
I'd give it all to you'll take you to the mountains  
I will take you to the sea  
I'll show you how this life became  
A miracle to me You'll fly away but take my hand until that day  
So when they ask how far love goes  
When my job's done you'll be the one who knows All the things you treasure most  
Will be the hardest won  
I will watch you struggle long  
Before the answers come But I won't make it harder  
I'll be there to cheer you on  
I'll shine the light that guides you down  
The road you're walking on You'll fly away but take my hand until that day  
So when they ask how far love goes  
When my job's done you'll be the one who knows Before the mountains call to you  
Before you leave this home  
Wanna teach your heart to trust  
As I will teach my own But sometimes I will ask the moon  
Where it shined upon you last  
And shake my head and laugh and say  
"It all went by so fast" You'll fly away, but take my hand until that day  
(Until that day)  
So when they ask how far love goes  
When my job's done you'll be the one who knows
