Thomilla

It's alright, 'cause the historical pattern has shown  
How the economical cycle tends to revolve  
In a round of decades three stages stand out in a loop  
A slump and war then peel back to square one and back for more  
Bigger slump and bigger wars and a smaller recovery  
Huger slump and greater wars and a shallower recovery  
You see the recovery always comes 'round again  
There's nothing to worry for things will look after themselves  
It's alright, recovery always comes 'round again  
There's nothing to worry if things can only get better  
There's only millions that lose their jobs  
And homes and sometimes accents  
There's only millions that die in their bloody wars, it's alright  
It's only their lives and the lives of their next of kin that they are losing  
It's only their lives and the lives of their next of kin that they are losing  
It's alright, 'cause the historical pattern has shown  
How the economical cycle tends to revolve  
In a round of decades, three stages stand out in a loop  
A slump and war then peel back to square one and back for more  
Bigger slump and bigger wars and a smaller recovery  
Huger slump and greater wars and a shallower recovery  
Don't worry be happy things will get better naturally  
Don't worry, shut up, sit down, go with it and be happy  
Dum, dum, dum, de dum dum  
De duh de duh de dum dum dum, ah ah  
Dum, dum, dum, de dum dum  
De duh de duh de dum dum dum, ah ah
