Your Own Ghost

Gold Motel

Oh my god.
Is there any way out?
No way to get home.
I was talking, but I had nothing say.

Are you sleeping with your own ghost?
Are you sleeping with your own ghost?
Are you sleeping with your own ghost?
Are you sleeping with your own ghost?

All aboard.
Let me double check my
one way ticket out.
I was looking for a place I used to go.

Are you sleeping with your own ghost?
Are you sleeping with your own ghost?
Are you sleeping with your own ghost?
Are you sleeping with your own ghost?

On the fence
of an accident.
I trespassed to your door.
I was looking for a face I used to know.

Are you sleeping with your own ghost?
Are you sleeping with your own ghost?
Are you sleeping with your own ghost?
Are you sleeping with your own ghost?
