In Front Of Me

Infected Mushroom

Why can't I see what's in front of me?
I see the doors that I can't open
Adding locks from time to time
When it opens, something blocks me
And I'm asking myself why
Did I take the step I wanted
Was it just a state of mind?
I feel sorry for myself
every time I close my eyes.
And I fall into a hole
and I can take no more (x4)
Why can't I see what's in front of me?
What's behind the door I wonder
Must be brighter than my past
Will I feel a little different

When i take myself across
Was it really worth the turning?
Was it just a foolish task
I feel sorry for myself
when i open up my eyes...
and I fall into a hole
and I can take no more.
bring it up bring it up (9x)
CHANGE THE FORMALITY
I try to change the formality and everything about it
people killing people for a reason .
you make mistakes
you don't regret so make conclusion
