

# Doin' It By Myself

## Guster

Everyone is sleeping  
Everything is perfect  
This is our chance  
This is our time  
Come, come real quick  
Let's feel alive, feel alive

We're no longer babies  
Pure, pristine, unbroken  
So learn how to walk  
But all we want is to fly  
The game is fixed  
But that's being alive, being alive, being alive  
That's being alive

If you don't come, I'm doin' it by myself  
If you don't care, I'll do it by myself (By myself!)

Gentlemen and ladies  
Charlatans and perverts  
But now they'll confess  
Confess to their crimes  
Let's flip the switch  
We can be alive, be alive, feel alive  
Let's feel alive

If you don't come, I'm doin' it by myself  
If you don't care, I'll do it by myself, yeah  
I want you to know, I'm gonna do it by myself  
So [?], I'll do it by myself  
Do it by myself!  
By myself!
