Slipping Away

Moby

All that we needed was right

The threshold is breaking tonightOpen to everything happy and sad

Seeing the good when it's all going bad

Seeing the sun when I can't really see

Hoping the sun will at least look at meFocus on everything better today

All that I need and I never could say

Hold on to people they're slipping away

Hold on to this while it's slipping awayAll that we needed tonight

Are people who love us and light

I know how it feels to mean it

Oh and we leave here, you'll see

Open to everything happy and sad

Seeing the good when it's all going bad

Seeing the sun when I can't really see

Hoping the sun will at least look at meFocus on everything better today

All that I need and I never could say

Hold on to people they're slipping away

Hold on to this while it's slipping awaySo long

So longOpen to everything happy and sad

Seeing the good when it's all going bad

Seeing the sun when I can't really see

Hoping the sun will at least look at meFocus on everything better today

All that I need and I never could say

Hold on to people they're slipping away
