

(God Must Have Spent) A Little More Time on You

*NSYNC

Yeah, yeah Can this be true? Tell me, can this be real
How can I put into words what I feel?
My life was complete, I thought I was whole
Why do I feel like I'm losing control? I never thought that love could feel like this
And then you changed my world with just one kiss
How can it be that right here with me
There's an angel? It's a miracle Your love is like a river, peaceful and deep
Your soul is like a secret that I never could keep
When I look into your eyes, I know that it's true
God must have spent a little more time on you, oh
A little more time, yes he did, babe In all of creation, all things great and small
You are the one that surpasses them all
More precious than any diamond or pearl
They broke the mold when you came in this world And then I'm trying hard to figure out
Just how I ever did without
The warmth of your smile, the heart of a child
That's deep inside, it leaves me purified Your love is like a river, peaceful and deep
Your soul is like a secret that I never could keep
When I look into your eyes, I know that it's true
God must have spent a little more time on you
On you on you on you, you, on you on you, on you, you I never thought that love could feel like this
And then you changed my world with just one kiss
And how can it be that right here with me
There's an angel? It's a miracle Your love is like a river, peaceful and deep
Your soul is like a secret that I never could keep
When I look into your eyes, I know that it's true
God must have spent a little more time on you, you God must have spent a little more time on you A little more
time on you
