

Till I Finally Understand

Aquamarin

Everyday, just the same old story in my head

I try to speak but you donâ€™t understand
Â‘Cause in your mind youâ€™re the king
And Iâ€™m your slave

If I had to choose just one more single lie
That you told me to keep me by your side
I will ask you once again
Will you ever feel the same?

Save me, when the waves are pulling me down
Do you break me just to see how much I can take?

Will you save me, when the waves are pulling me down?
Do you break me just to see how much I can take?
So come on: Hit me with a bullet in my head
Come and try, till I finally understand
That I have to run as fast as I can
Till I finally understand

That you donâ€™t see yourself the way, baby, I see you

If I had to you know thereâ€™s nothing I wouldnâ€™t do
Â‘Cause once you fall in love
with the devil you have to
Dance with him oh every single night
Youâ€™re the poison that I feel inside

But I canâ€™t get enough of this endless fight

Will you save me, when the waves are pulling me down?

Do you break me just to see how much I can take?

So come on: Hit me with a bullet in my head
Come and try, till I finally understand
That I have to run as fast as I can

Till I finally understand

Save me, oh please say it once again
Say the world your love belongs to another man

Will you save me, when the waves are pulling me down?
Do you break me just to see how much I can take?
(Break me just to see how much I can take)
Will you save me, when the waves are pulling me down?
Do you break me just to see how much I can take?

(Break me just to see how much I can take)

So come on: Hit me with a bullet in my head
Come and try, till I finally understand
That I have to run as fast as I can
Till I finally understand
